EVOLVE 6 | UNIT 7 | ESSAY | about 250 words

Name: _____ Group: _____

Date: _____

Write an essay of about 250 words: Our roots influence us, but they do not define us. To what extent do you agree? Discuss the roles of upbringing, inherited background and personal choice. Consider a contrasting perspective and reach a reasoned conclusion. You may use general or invented examples; personal family disclosure is not required. Do not copy task sentences or the reading preview.

Optional research: your answers, scores and essay may be analysed for vocabulary-learning research. Participation is voluntary; declining does not affect your grade. Your name is used for teacher assessment; research reporting will not identify you. Ask your teacher to withdraw your research data before anonymisation. No response times are collected on paper.

[ ] I agree to participate. [ ] I take the test without research participation.
